each

SPRINT AIRFLUID X1 MANUAL POWDER UNIT

The new manual unit combines functionality and extraordinary design. By means of a central and dynamic knob, all parameters – grouped into four functional sections- can be set easily. The unique Cascade characteristic line setting and the TRIBO compatibility offer a high level of flexibility for any powder. In combination with the new manual gun PEM-X1, the manual unit gives perfect coating results. The powder feeding is carried out directly from the original container – optionally out of the 60l stainless steel container.

Master Painter

Interior Professional Series

Cloverdale Paint's Master Painter series is formulated specifically for the professional painting contractor. Master Painter is MPI approved and carries a CDPH1.2 Emission certificate for use on green building systems and specified projects. The application and performance characteristics make this line ideal for new construction and commercial applications.

- Professional performance for new construction and commercial work
- Self-priming* with excellent hide, touch-up and flow & leveling properties
- Available in flat, hi-hide eggshell and semi-gloss* sheens and drywall primer
- Approved under MPI (Master Painter Institute) quality specifications
- CDPH V1.2 certified for use on LEED v4/4.1, WELL, CHPS and other rating systems.

*CDPH1.2 Emission certificate not available for semi-gloss sheen
